

# GOLD COAT STRUCTURAL CONNECTORS

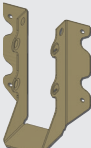

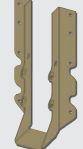

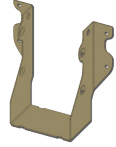

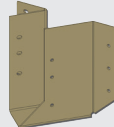

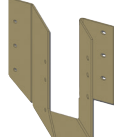

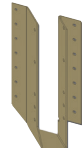

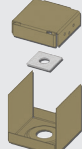

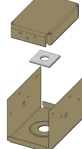

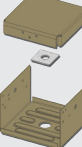

**BETTER PERFORMANCE. BETTER LOOKING.**

- ➔ Double Layer Corrosion Protection
- ➔ Twice the Protection for Extended Life
- ➔ Visually Appealing Gold Color

**MiTek's®** exclusive Gold Coat™ finish is a multi-layer system that protects the integrity of the structural connector. The top layer is a specially formulated organic polymer barrier designed for outdoor applications and contact with treated wood. Gold coat's attractive color is an ideal choice for decks, pergola's and other outdoor projects.

**REQUIRED FASTENERS:** Gold Coat Fasteners

**INSTALLATION:** Refer to the MiTek product catalog (digital or print) for fastening requirements, design values and installation instructions.
